INSTRUCTIONS FOR VISITORS AND PATIENTS

Dear Patron,

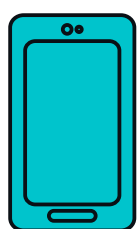

We value the safety of staff and patients alike, and we want you to know that we are going through the current and unprecedented state of COVID-19 with extreme caution.

We are thus following the recommended protocols of sanitization , hygiene and social distancing to keep everyone safe – staff and patients , and request your cooperation.

If you have cough , fever, sore throat, shortness of breath, severe body ache or sudden loss of sense of smell or taste, or been in covid contact – **please do not attend.**

Please **wear face mask** and carry your **hand sanitizer** and **bottle of water** and maintain **social distance**

Please download '**Aarogya Setu**' app on your phone for mutual safety

Please take prior appointment as we may not be able to accommodate walk ins

To reduce direct contact and make it convenient for you, we have been providing **Online Consultations sessions** where appropriate. Please ask and make use of this facility

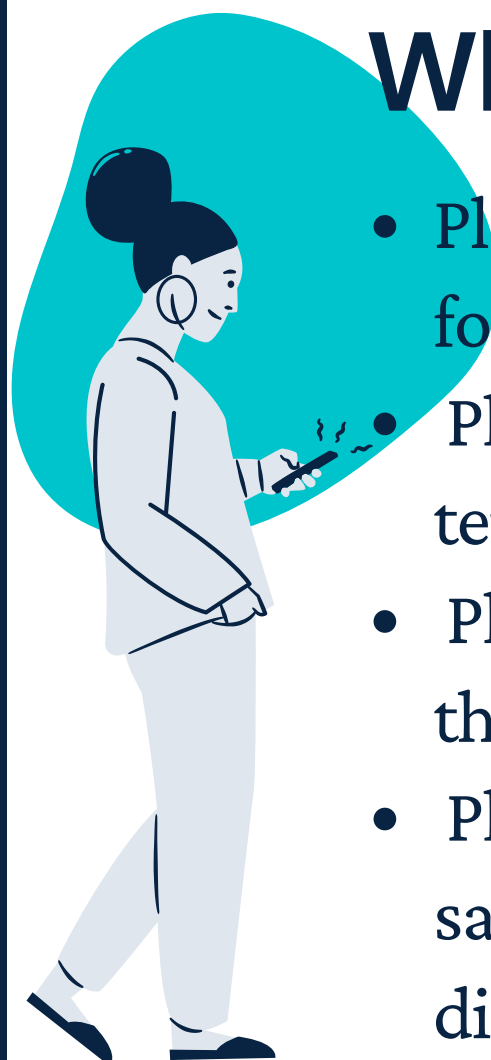

We are taking all precautions...

- We request that either none or max one attendant per patient be allowed
- We would encourage electronic payments
- We are sanitizing the patient areas multiple times per day.
- We have removed all toys, books and magazines from our waiting area

When you arrive :

- Please fill and sign the Declaration form
- Please allow us to take your temperature
- Please avoid touching anything in the Clinic
- Please wear face mask, use the hand sanitizer and maintain social distance while waiting

We thank you for your cooperation!
